

Multi Press

Keystone | V-KEY-SL-131

Now strength training enthusiasts can build balanced upper-body strength with a selectorized multi press station that will fit your commercial fitness facility as well as it fits everyone you serve. From precise body positioning geometry to moisture-resistant cushioning to welded-steel frames, we designed every detail for performance, comfort and durability in tough, high-traffic fitness environments.

Product availability may vary by region. Please contact your **local office** for more information.
