

Pec Fly / Rear Delt

Keystone | V-KEY-SL-221

Engineered to focus on major upper-body muscles, our space-efficient selectorized pec fly / rear delt dual station will fit your commercial fitness facility as well as it fits everyone you serve. From precise body positioning geometry to moisture-resistant cushioning to welded-steel frames, we designed every detail for performance, comfort and durability in tough, high-traffic fitness environments.

Product availability may vary by region. Please contact your **local office** for more information.
